Please *carefully* review the listed fire safety requirements below, place your initials in the corresponding boxes in the left column, and sign and date below.

- 1. **Combustible waste material** creating a fire hazard shall not be allowed to accumulate and must be appropriately removed daily.
- 2. **All open burning** must be approved and the appropriate permits obtained from the Fire Department.
- 3. **Propane Cylinders** - Propane tanks must be maintained in good physical condition and all hose and regulators shall be UL listed and in good working condition. All bottles will be stored in an upright position and secured to a stable surface. Cylinders must be kept clear of ignition sources and stored in well ventilated areas away from the general public.
- 4. **Electrical Appliances** - No open wiring is allowed. Extension cords must be grounded and be of heavy duty outdoor type (ground fault circuit interrupter (GFCI) connections preferred). Extension cords must be properly protected from damage, protected from standing water, and not overloaded.
- 5. **Fire Extinguishers** – A Class 2A 10BC, 5 pound Fire Extinguisher is *required* in all booths/units. In addition, booths/units utilizing oil/grease fryers are *required* to have a 1 1/2 gallon Class K Fire Extinguisher. All fire extinguishers shall have approved ***CURRENT ANNUAL INSPECTION DATE TAGS***. For recently purchased fire extinguishers, a receipt that shows the fire extinguisher is within *one* year of purchase can be substituted for the annual inspection date tag (receipt must be present). Any fire extinguisher receipt older than a year from purchase *will not* be accepted. All portable fire extinguishers shall be located in conspicuous locations where they will be readily accessible and immediately available for use.
- 6. **Ancillary Fire Suppression Systems** – If an Ancillary System is present it shall have an approved ***CURRENT ANNUAL INSPECTION DATE TAG***.
- 7. These guidelines will be ***STRICTLY ENFORCED***. Vendors not in compliance ***will not*** be permitted to operate in the City of Copperas Cove.
